Additional Wiring Notes

Item	Note
Left Front Door Trigger	this wire is also found at the anti-theft module but will read the delay. to beat the delay pick up black/purple at both pins and diode isolate.
Trunk/Hatch Pin	the anti-theft module is in the rear passenger side of the trunk behind the tail light.
Wipers	the wiper controll unit is located
Left Rear Window (Up/Down)	the soft top ECU is located in the trunk above the battery. rear windows must be picked up between this module and the motors.
Right Rear Window (Up/Down)	the soft top ECU is located in the trunk above the battery. rear windows must be picked up between this module and the motors.
